

**FIFTH
GENERATION
COMPUTER
SYSTEMS**

T. Moto-oka, Editor

BIBLIOTHEQUE DU CERIST

JIPDEC _____ NORTH-HOLLAND

FIFTH GENERATION COMPUTER SYSTEMS

Proceedings of the International Conference on
Fifth Generation Computer Systems
Tokyo, Japan, October 19-22, 1981

Edited by

T. MOTO-OKA

*Chairman of Program Committee
International Conference on
Fifth Generation Computer Systems
Japan Information Processing
Development Center (JIPDEC)
Tokyo, Japan*

NORTH-HOLLAND AMSTERDAM · NEW YORK · OXFORD

TABLE OF CONTENTS

I.	KEYNOTE SPEECH	
	Challenge for Knowledge Information Processing Systems (Preliminary Report on Fifth Generation Computer Systems) T. MOTO-OKA et al.	3
II.	OVERVIEW REPORT	
II-1	What is Required of the Fifth Generation Computer - Social Needs and its Impact H. KARATSU	93
II-2	Aiming for Knowledge Information Processing Systems K. FUCHI	107
II-3	Fifth Generation Computer Architecture H. AISO	121
III.	KNOWLEDGE INFORMATION PROCESSING RESEARCH PLAN	
III-1	Problem Solving and Inference Mechanisms K. FURUKAWA et al.	131
III-2	Knowledge Base Mechanisms M. SUWA et al.	139
III-3	Intelligent Man-Machine Interface Ho. TANAKA et al.	147
III-4	Logic Programming and a Dedicated High-performance Personal Computer T. YOKOI et al.	159
IV.	ARCHITECTURE RESEARCH PLAN	
IV-1	New Architectures for Inference Mechanisms S. UCHIDA et al.	167
IV-2	New Architecture for Knowledge Base Mechanisms M. AMAMIYA et al.	179
IV-3	VLSI and System Architecture - The Development of System 5G K. SAKAMURA et al.	189

IV-4	The Preliminary Research of Data Flow Machine and Data Base Machine as the Basic Architecture of Fifth Generation Computer Systems Hi. TANAKA et al.	209
V.	INVITED LECTURES - KNOWLEDGE INFORMATION PROCESSING	
V-1	Innovation and Symbol Manipulation in the Fifth Generation Computer Systems E.A. FEIGENBAUM	223
V-2	Logical Program Synthesis W. BIBEL	227
V-3	The Scope of Symbolic Computation G. KAHN	237
VI.	INVITED LECTURES - ARCHITECTURE	
VI-1	A Cognitive Architecture for Computer Vision B.H. McCORMICK et al.	245
VI-2	Fifth Generation Computer Architecture Analysis P.C. TRELEAVEN	265
VI-3	Algorithms, Architecture, and Technology J. ALLEN	277
	MAJOR CONTRIBUTIONS OF RESEARCH AND PLANNING COMMITTEE OF FIFTH GENERATION COMPUTER SYSTEMS (1979-1981)	283
	AUTHOR INDEX	287
