Littleton, Colorado
1985

TABLE OF CONTENTS

List of Tables and Figures	xi
Acknowledgments	xiii
Foreword by Michael Gorman	xv
Introduction	1
Notes	2
1—Authority Control: General Principles	3
Definition of Authority Work	3
Authority Control	3
An Historical Perspective: From Syndetic Structure of Records to Syndetic Structure of Entries.	7
Authority Control in Cataloging Codes	9
Conclusion.	10
Notes	10
2—Creating Authority Records and Implementing Authority Systems	12
Creating Authority Records as Part of the Cataloging Process.	12
Cataloging and Authority Work	12
Types of Authority Data.	14
Headings	14
References	19
Notes	20
Application and Treatment Instructions and Other Information	20
Sources for Authority Data	21
Library of Congress Authority Records	21
Headings on Records of Contributing Libraries	22
The Existing Library Authority File	22
The Cataloging Code as a Tool for Standardization	22
The Publication Itself.	23
Reference Books as Sources of Authority Data	23

2—Creating Authority Records and Implementing Authority Systems (*cont'd*)

Creating the Authority Record	23
Card-based Authority Systems	23
Machine-based Authority Systems	25
Creating the Authority File	28
Local Policy for Authority Work	28
Notes	30

3—The Use and Maintenance of Authority Systems 31

Users of Authority Files	31
The Cataloger	31
Acquisitions Personnel	31
Reference Librarians	32
The Public	32
Links to the Bibliographic File	32
Authority File Independent of Bibliographic File	33
Authority File "Coordinated" with Bibliographic File	33
Authority File as Part of Bibliographic File	33
Authority File in Direct Electronic Connection with Bibliographic File	34
Changes in Authority Data	34
Discovery of Needed Changes	34
Evaluation of Whether Changes Are Needed	35
How Changes Are Carried Out	35
The OCLC Conversion: Massive Changes in a Computerized Data Base	35
Notes	37

4—The Measurement and Evaluation of Authority Systems 38

Steps in Evaluation	38
Legality of Data	39
Legality of Format	40
Accuracy of Data	40
Accuracy of Format	40
Comprehensiveness of Data	41
Other Types of Evaluation	41
Preparation of Authority Records	41
Description of Completed Authority Records	42
Behavior of Authority Records and Files under Different Environmental Conditions	42
Measurement of the Rate of Growth of Authority Files	43
Changes in Authority Data	45
System Failure and Economic Efficiency	45
Notes	46

5—State-of-the-Art Authority Systems.	48
The Data Base.	50
Data Base Processing	51
Quality Control.	51
Public Display/Use.	52
Evaluation	52
Description of Individual Systems.	52
Class 1.	52
Class 2.	54
Class 3.	56
Summary and Observations	64
The Data Base.	64
Data Base Processing	64
Quality Control.	64
Public Display/Use.	64
Evaluation	64
Other Comments.	65
Notes	65
6—Conclusion.	68
Future Trends.	68
Future Context.	69
Necessary Research on Authority Work	70
Notes	71
Appendix—Machine-Readable Name Authority Format	73
General Structure of the Record.	75
The Leader.	75
The Record Directory	78
Control Fields.	80
Variable Fields	88
Headings	93
References and Tracings	97
Notes	111
Selected Bibliography.	115
Index	121
